AUDITORS' REPORT

To the Voters of the Town of Dorset:

Your auditors have examined and audited the various accounts of the Town Officers as recorded by them for the fiscal year of 1954. These accounts include the Treasurer's, Selectmen's, School Directors', Tax Collector's, Road Commissioners' and Overseer of the Poor's.

We hereby certify that, in our opinion, the officers have accounted for all monies received and disbursed by them as evidenced by the books and records kept on file. However, due to the fact that for two years in succession the \$1,000.00 appropriation for the "Equipment Replacement Fund" hasn't been set aside, we feel that an account should be opened and any money voted to this fund be deposited in such account; otherwise we recommend that the voters discontinue the practice of building such a fund.

Your auditors would appreciate any constructive criticisms you may care to make in town meeting regarding the setup of this report.

Respectfully submitted,

JOHN N. STANNARD,
STANLEY S. HINKLEY,
FRED WHITEMORE,

Auditors.

MINUTES OF 1954 TOWN MEETING

Pursuant to the foregoing Warning and notification, the legal voters of the Town of Dorset met in Town Meeting at the Town Hall in East Dorset on the 2nd day of March, 1954, at ten o'clock in the forenoon, to transact the following business:

The meeting was called to order at 10:00 A.M. and immediately recessed by Moderator Paul E. White to allow more people to be present. The meeting was called to order again at 10:20 A.M. by the moderator and the following business took place:

Art. 1. To hear the report of the Town Officers and to take proper action thereon.

The Moderator informed the voters of the committee appointed to investigate the possibility of employing a town manager. Frederick Whittemore, chairman, gave the information obtained in regard to a town manager and finding of committee. Recommendation of committee was to not have full time town manager, but to further investigate, with approval of voters, the possibility of sharing a manager jointly with some neighboring town.

Stanley Hinkley made a motion to have the 1954 Quadrennial Appraisal printed in 1955 Town Report. Frederick Whittemore seconded motion. Motion was carried.

Frederick Gilbert made motion to accept printed Town Report. Frederick Whittemore seconded the motion and it was so carried.

Art. 2. To vote to use market value evaluations made by George Clendaniels at 1950 Quadrennial Appraisal, and enter these figures in the 1954 Quadrennial book.

John H. Stannard gave information in regard to last Quadrennial Appraisal by George Clendaniels and reason why these figures should be used in 1954 Quadrennial Appraisal; that is, values have not changed since last (1950) Appraisal and basically, to make the new Quadrennial Appraisal legal, logical and honest. He further suggested that each property owner be notified of his appraisal. He then made the motion that Art. 2 be adopted by ballot. Motion was seconded by John N. Stannard. Frederick Whittemore asked why Dorset should change from past listing practices. John H. Stannard gave the reasons set forth by Tax Commissioner Morrison why the Quadrennial Appraisal should be done according to the Vt. Statutes.

Results of ballot: Yes 26, No 81. Motion was defeated.

Art. 3. To elect Town Officers for the ensuing year. To be voted on by Australian Ballot.

Town Officers for the ensuing year elected by Australian Ballot:

Frances Fenn made the motion to pay full amount of tuition, ie: \$32 above amount required by law. Frederick Whittemore seconded the motion and it was so carried.

Art. 26. To see if the voters will vote to instruct the Town Representative to the 1955 Legislature to vote for a State Sales Tax.

Russell S. Fenn made the motion to table this article. Frederick Whittamore seconded motion and it was so carried.

Meeting was recessed at 11:50 A.M. for lunch.

Meeting was called back to order at 1 P.M. by Moderator.

Art. 27. To see if the town will vote to instruct the Town Representative to carry to the State Legislature in 1955 the recommendation of this town for legislation to authorize towns to levy a head tax for the purpose of municipal improvements.

Leon Edgerton gave his views on why Art. 27 should be adopted and made motion to adopt Art. 27, minus the words "in lieu of Real Estate Tax."

John H. Stannard voiced his opposition to this motion, on the grounds that it was a discriminatory tax. Stuart Gilbert also voiced his opposition to this motion. Carleton Howe said that a heavy head tax was not acceptable to the Legislature and that he was in opposition to such a tax. Stanley Hinkley asked for a definition of the term "Municipal improvements," as it was used in Art. 27. No explanation was forthcoming.

Vote by separate ballot on Art. 27 was as follows:

Yes 23, no 70.

Art. 28. To act on the 1954 Budget and its attendant tax rate, as prepared by the town officers.

Stuart Gilbert made the motion to accept the 1954 Budget as printed and with whatever additions as were voted at this meeting. Burnham Hawley seconded the motion and it was so carried.

Art. 29. Will the town authorize the Auditors of the town to employ the services of an accountant from the office of the Auditor of Accounts as provided for in Sections 3603 to 3608 inclusive, Chapter 163 Vt. Statutes, Revision of 1947, to conduct an audit of the accounts of the town. (Required by law to be put on the ballot every year.)

R. P. Crowell made the motion to adopt Art. 29. Carleton Howe seconded the motion. Motion was defeated by voice vote.

Art. 30. To transact any other business proper to come before this meeting.

By Carleton Howe: Resolved: That the herein assembled voters express their opposition to a Sales Tax. Opposition was expressed by voice vote.

The Moderator recessed the meeting until the votes were counted.

The officers who were sworn in by Justice of the Peace John N. Stannard were: Ada Towslee, Perry M. Peltier, Harold Snow, Arthur Steere, Frances Fenn, Byron Bowen, Ernest King, and Janice Stone.

The meeting so adjourned.

SELECTMEN'S REPORT

During the year 1954 the extension of State Aid Highway No. 1 for .6 mile was completed and retreatment of a previously completed portion of .7 mile was also accomplished.

In a discussion with a State Forester we learned that the State will aid the town in establishing a municipal forest on lands now owned by the town or on land acquired either by purchase or taken over for taxes. This land would be supervised by the State Forestry Department and all cutting done only as specified by one of their representatives. We feel this would be an excellent move on the part of the town, not only to insure a potential source of income, but also in the interest of water and soil conservation. This question is presented to you in article No. 27 of the current warning.

An effort is being made to settle out of court the law suit now pending with the East Dorset Cemetery Association. The officers of that association feel that they still want the town to serve as trustee of those funds, therefore in order to make a new and valid contract the town must vote at a legal town meeting to accept such funds in trust, as presented in Article No. 26.

The question of an appropriation for Civil Defense, Article No. 28, is one which we feel should be left to the town. The Selectmen were approached by the volunteer workers of this organization who have done a remarkably fine job of organizing and putting into operation the local unit. We felt compelled to carry this expense until it could be further discussed and voted upon at town meeting.

LLOYD B. McGUFFIN,
PAUL E. WHITE,
HAROLD R. BEEBE,
Selectmen.

VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vermont

This is our nineteenth annual report to the citizens of the Town of Dorset on State payments in your municipality of various types of assistance and welfare during 1954.

The total number of recipients in the State has remained stable for four years but expenditures are largely by reason of increases in payments authorized by the Legislature and increases in cost of services, including rent. Funds for the support of these programs were derived from the Federal and State Governments. The towns and cities participated financially in two of the programs as indicated below. Administrative expenses for the four types of Public Assistance were the lowest in the North Atlantic States and among the lowest in the nation.

Old Age Assistance	\$ 15,569.00
Aid to the Blind	315.00
Aid to Dependent Children	*1,972.00
Aid to the Disabled	2,187.00
Committed Children	**723.32
Total	<u>\$ 20,766.32</u>

W. ARTHUR SIMPSON,
Commissioner.

* One-eighth paid by the town or city unless family is non-settled.

** One-half paid by the town or city unless family is non-settled.

REPORT OF THE PUBLIC HEALTH NURSING PROGRAM

Vermont Department of Health

January 1, 1954 to January 1, 1955

The Public Health Nursing Division of the Vermont Department of Health reports the following services rendered by Mrs. Darthea N. Emslie, R.N.:

17 people were served:

4 for the prevention and control of communicable diseases.

13 for other types of diseases.

54 visits were made:

14 visits in behalf of the program.

7 visits for the prevention and control of communicable diseases.

33 visits for other types of diseases.

Infant, preschool and school medical conferences were arranged by Mrs. Claude Dern and Mrs. George Kelly, sponsored by the Parent Teachers Association, and financed by the Vermont Department of Health.

3 Infant and preschool medical conferences:

10 children were examined by Dr. G. McGinniss.

3 School medical conferences:

44 children were examined by Dr. G. McGinniss.

Immunizations:

Smallpox:

16 children were vaccinated.

9 children were re-vaccinated.

Diphtheria, Pertussis and Tetanus:

3 children received the booster dose.

Diphtheria and Tetanus:

7 children completed the series of doses.

14 children received the booster dose.

In cooperation with the Commission of Chronically Ill, Mrs. Emslie, R.N., made a survey of the nursing homes in the town.

2 nursing homes were visited.

7 individuals were contacted to obtain statistical data.

Town officials and organizations can do much in working together to identify common problems in finding solutions to community needs. Modern scientific advances provide suggestions for solving our problems, but community approval and individuals working together indicate the citizens' interest in the welfare of the community.

Respectfully submitted,

LOIS STEARNS, R.N.,

Public Health Nursing Supervisor

SCHOOL DIRECTORS' REPORT

During the past year the same overcrowded condition in the Dorset Village School has existed as occurred in 1953 when the North District school had to be opened to house the first grade. Next year this condition will be further aggravated by the insufficient space of the 3rd and 4th grade room. As a result the 1955 3rd grade will have to be divided into two rooms. This is a poor educational solution and should be considered temporary.

We do not feel that these temporary measures are good for our children, our teachers or our town. Some permanent changes must be made in our school buildings so that more space is available.

In East Dorset overcrowding is not the problem, but procuring a teacher willing to handle four grades in a room is becoming increasingly difficult with the present teacher shortage in Vermont.

A citizens' committee was formed and has investigated the school situation. The results of this committee's work have already been published and sent to every boxholder. The School Board feels that more specific information is needed in order to determine the best way to solve the problems that were mentioned.

Therefore we have put an article in the warning requesting a sum not to exceed \$500.00 to get preliminary sketches, estimates, outline specifications, etc. so that we could judge more wisely what will best fill the town's needs.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

January 15, 1955

Members of the School Board:

There were 164 pupils enrolled in the three elementary schools last September, ten less than the previous year and six less than the average of 170 for the preceding five years. During the school year ending June 30th, 182 different pupils attended school (96 boys, 86 girls) with an average daily attendance of 94%. Of those enrolled at the end of the year 90% were promoted to their next grade.

Whether or not the enrollment figures represent a reversal of trend, it is likely to be a minor one, and should not divert attention for the desirability of new school facilities. It would seem as though the idea has been sufficiently investigated and discussed in various public meetings to warrant more positive action, such as to provide the school directors with funds for securing definite plans, cost estimates, etc., for a type of building which would meet Dorset's needs.

As long as the North District school is available for the first grade, the west side pupils can be accommodated in that school and the one in the village. This next year part of the third grade can be kept in the lower floor front room, so that there will be two grades in each of the four rooms, but the situation may become more complicated as the present large third grade of 21 pupils progresses through the school.

The course for the social studies, History and Geography, has been revised during the past year in a way that should provide a more efficient teaching-learning situation in those two important subjects. New texts in both subjects were purchased for the four upper grades, including a two-volume one for the advanced U. S. History. The other text purchases have been for supplementary texts and the usual additions and replacement of texts in use.

The basal reading system is in process of revision and the old edition now in use should be replaced with the revised one as fast as practicable. Some have already been purchased for the first grade. Parents might help along the reading program by encouraging youngsters to read at home and secure books from the library.

Two excellent electric record players have been purchased for East Dorset with community money and state aid, together with a collection of records. With a modest annual expenditure for a few records, the groundwork has been laid for an excellent program of music appreciation for the pupils of that school.

Respectfully submitted,

EDWIN L. BIGELOW,

Superintendent of Schools.

AUDITORS' REPORT

To the Voters of the Town of Dorset:

Your Auditors have examined and audited the various accounts of the Town Officers as recorded by them for the fiscal year of 1955. These accounts include the Treasurer's, Selectmen's, School Directors', Tax Collector's, Road Commissioners', and Overseer of the Poor's.

We hereby certify that, in our opinion, the Officers have accounted for all monies received and disbursed by them as evidenced by the books and records kept on file, except as follows: We feel that the Tax Collector of Delinquent Taxes should add interest charges for delinquency when paid as allowed by law and voted in Town Meeting.

We feel that the Tax Collector when recording payments in delinquent Tax Book should enter date of payment opposite name in respective year's record.

We suggest that the Voters vote at Town Meeting to have all orders written by Selectmen and that Road Commissioners make out Time and Expense sheets, thereby saving two sets of books, thus having all records in Selectmen's one book.

All Town Officers' orders are filed with Town Clerk as voted at 1955 Town Meeting.

Your Auditors would appreciate any constructive criticisms you may care to make in Town Meeting regarding the setup of this report.

Respectfully submitted,

STANLEY HINKLEY,
FRED WHITTEMORE,
SIDNEY MEACHAM,
Auditors.

SELECTMEN'S REPORT

During the summer of 1955, the south end of the West Road was completed at a cost of \$9,104.46, or a cost per mile of \$15,178.00.

It is the opinion of the Selectmen that the State Aid Highway No. 3 should be considered next for hard-surfacing, as it is the most hazardous road in town traveled by the school bus.

The Selectmen believe that consideration should be given the purchase of two trucks for purposes of construction and maintenance. In regard to this matter, we are paying an average of \$2.43 per hour for truck hire, whereas the Town of Manchester is operating its trucks at a total cost of \$1.31 per hour.

Several years ago, the State Highway Engineer and Selectmen drew up a plan for highway improvement and construction. Various features of this have been completed, but we feel that a committee of Selectmen, Highway Engineer and four legal voters should re-evaluate this plan, and present it before the next annual Town Meeting, for the purpose of achieving an organized and progressive highway improvement program, and through the findings and suggestions of this proposed committee, we anticipate a workable solution to this problem.

PAUL E. WHITE,
LLOYD B. McGUFFIN,
HAROLD R. BEEBE,

Selectmen.

VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vermont

This is our twentieth annual report to the citizens of the Town of Dorset on State payments in your municipality of various types of assistance and welfare during 1955.

The total number of recipients in the State has remained reasonably stable for four years. The number aided in the Totally and Permanently Disabled program has continued to increase. Old Age Assistance and Blind Assistance case-loads have declined. The impact of the Social Security Insurance programs have not been fully realized in Vermont but will be a continuing factor in the reduction of case loads as an increasing number of our people attain a fully insured status. At the present time less than 50% of the aged population in Vermont, sixty-five years or over, are entitled to Social Security benefits. The towns and cities participated financially in two of the programs as indicated below. Administrative expenses for the four types of Public Assistance have always been among the lowest in the nation.

Old Age Assistance	\$ 17,856.00
Aid to Dependent Children*	2,644.00
Aid to the Disabled	2,528.00
Committed Children**	555.34
Total	<u>\$ 23,583.34</u>

W. ARTHUR SIMPSON,
Commissioner.

* One-eighth paid by the town or city unless family is non-settled.

** One-half paid by the town or city unless family is non-settled.

REPORT OF PUBLIC HEALTH NURSING PROGRAM

Vermont Department of Health

January 1, 1955 to January 1, 1956

Using vaccine furnished by the National Foundation for Infantile Paralysis, first and second grade children whose parents gave permission received the immunization of polio vaccine in school this year. The Vermont Health Depart-

ment cooperated with the Foundation on this project and gave technical supervision and equipment to administer the vaccine. Through the cooperation of many individuals, these immunization clinics were successful. 38 children will be eligible for the third dose of this polio vaccine.

- 11 People served by the Public Health Nurse
- 7 People for the Maternal & Child Health Program.
- 3 People for Communicable Diseases
- 1 Person for other types of service.
- 51 Visits made by the Public Health Nurse
- 17 Visits in behalf of the Program
- 16 Visits for Maternal & Child Health Program
- 13 Visits for Communicable Disease
- 5 Visits for all other services

Medical Conferences

- 12 Infant and Pre-school children examined by Dr. Arthur Gillette
- 3 Infant and Pre-school medical conferences
- 3 School Medical Conferences
- 66 Children examined by Dr. Gerald McGinniss, Dr. Arthur Gillette.

Immunizations

Small pox—

- 39 children vaccinated

Triple Antigen—

- 6 children received their first two doses
- 2 children received their booster doses

Diphtheria and Tetanus—

- 18 children received their first two doses
- 30 children received their booster doses

Through funds appropriated by the 1955 Legislature and Federal funds a polio vaccine program has been made possible. This program is under the supervision of the Vermont Health Department. Infant, pre-school, and school children through fourteen with signed permission of parents are the first group eligible to receive the polio vaccine. These polio vaccine doses may be received from the family physician at his office or in clinics established by local interest and supervised by the Public Health Nurse.

Respectfully submitted,

LOIS STEARNS, R.N.
Public Health Nursing Supervisor

SCHOOL DIRECTORS' REPORT

Due to increases in several categories of our budget, we were unable to stay within our estimate of 1955 expenses. Our 1956 budget shows further increases in two of these categories namely; tuition and teachers' salaries.

The higher tuition costs are the result of larger enrollments, plus an increase of \$25.00 in the tuition rate at Burr and Burton Seminary.

The increase in teachers' salaries reflects a continuation of our policy of raises in salaries in line with those of teachers throughout the state of comparable training and experience.

The overcrowded conditions in the Dorset School continue and will become worse in the next five years. Therefore the temporary measures, splitting of grades and use of North District, will have to continue until more classrooms are provided.

In order to assist the School Board in determining the best method of solving our school problems we have engaged the services of an architect. This is in accordance with the authority granted the School Board at the last Town Meeting. After several meetings with him and representatives of the State Department of Education we have decided that addition of classrooms to our present school would not be practical.

In conjunction with the Citizens' Committee we are now taking the necessary steps to select a piece of land suitable for a new building. At the same time the architect is preparing sketches of possible buildings which will cover our needs.

Before the end of this school year we plan to have sufficient information so that cost estimates of a building and price of site are available. At that time this will be presented to the voters of the School District, at a special Town Meeting, for their action.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

January 31, 1956

Members of the Dorset School Board:

Dorset's elementary school population still seems to be growing, which lends added interest in providing more adequate facilities than exist at present for taking care of it, especially at Dorset Village.

The enrollment last September was 193, compared with 171 the year previous, and an average of 188 for the past five years. According to the 1950 town report there were 25 youngsters born in 1950 who would be candidates for next September's first grade, though of course some may have moved away.

The total number of A.D.A. pupils, including high school, for the year ending June 30 for whom state aid was received was 197.86, and the amount received according to the state aid formula was \$14,220.88, or \$152.86 less than last year. The cost per A.D.A. pupil was \$218.04.

The revised edition of the Arithmetic series was placed in the eighth grade and part of the fifth grade this past year and should be placed in at least the upper four grades if you wish to distribute the cost of the complete introduction of new texts over a period of two years. The same holds true of the English texts, while they are in good condition there are much better ones on the market now which means that in the interests of good preparation in an important

subject the present texts should be replaced perhaps beginning in the four upper grades.

The replacement of the basal reading text with the revised edition should be continued and again, it is a question of how fast you want to do it.

I believe some thought should be given to increasing the school year to 175 days of actual sessions in order that more time may be available for covering ground required. After all, the main purpose of our elementary schools is to provide a solid scholastic foundation upon which the youngsters may advance in higher levels of schooling, and there is also some obligation to provide for those not so well equipped for scholastic attainments. The larger the teaching groups, the more grades to a room and the smaller the school, the more difficult it is to provide for the two groups.

The Vermont State Superintendents' Association is making a special study this year of methods that may be used in meeting the classroom problems associated with the wide range of individual differences in pupil abilities encountered in every school. Perhaps the study may yield some data that will be of use in solving some of Dorset's problems of that nature.

Respectfully submitted,

EDWIN L. BIGELOW,

Superintendent of Schools

AUDITORS' REPORT

To the Voters of the Town of Dorset:

Your auditors have examined and audited the various accounts of the town officers as recorded by them for the fiscal year 1956. These accounts include the Treasurer's, Selectmen's, School Directors', Tax Collector's, and Overseer of the Poor's.

We hereby certify that, in our opinion, the officers have accounted for all monies received and disbursed by them as evidenced by the books and records kept on file, except as follows: all bills should be paid promptly, thereby taking advantage of any and all discounts due for prompt payment. That greater care should be used in making out and copying time sheets and that all time sheets should be dated and signed by the maker. Greater care should be exercised in preparation of the Grand List. In this connection we find in examination of the list appraisals of improved real estate amounting to .01c and .25c and 32c on the Grand List which we believe are not realistic.

We also feel that a professional audit be made of accounts of the town for the current year 1957.

MINUTES OF 1956 TOWN MEETING

Pursuant to the foregoing warning and notification the legal voters of the Town of Dorset met in Town Meeting at the East Dorset School Hall on the 6th day of March, 1956 at ten o'clock in the morning to transact the following business:

The Moderator, Paul White, called the meeting to order at ten o'clock and called a short recess to give everyone possible a chance to be present.

The meeting was called to order at 10:40 by the Moderator and the following business took place:

Art. 1. To hear the report of the Town Officers and to take proper action thereon.

Harold Snow gave a detailed report of the actual cost of trucks per hour compared to the cost as presented in the Selectmen's report. He also presented a letter from the Town Manager from Manchester which stated that the figures which he had stated some time ago should have been adjusted to the present day cost.

Harold Snow made the motion that the figures as printed in the Town Report stating the cost per hour of trucks be stricken from the record. This motion was seconded and so voted.

Frederick Gilbert made the motion to accept the balance of the Town Report as printed. This motion was seconded. It was so voted.

SELECTMEN'S REPORT

During the past year we started work on the State Aid No. 3. It was promised that we could have four years advance money from the State. Later we found that the state had overpledged and could not give us the money. This year we have again been promised the advance money for three years which we believe will finish the blacktop to the top of the hill.

During the last year we purchased a dozer blade for the grader in anticipation of saving the cost of some of the heavy equipment in our road construction program.

It was also necessary to buy during the last year two new snow plows.

In regard to the article on the grader we feel that it is unwise to keep a piece of equipment when the cost of repairs would make the payments on a new grader.

The Selectmen believe consideration should be given to hours of employees as to giving them Social Security.

We believe that some consideration should be given to remodeling and insulating the town clerk's office as it is a rather expensive proposition to heat this building and it is practically impossible to hold any meeting in it.

We believe each Selectmen's meeting should be recorded by the Clerk of the Board.

We believe that inasmuch as possible the town shall eliminate any road problems which, with a slight increase of money, will put these problems on a permanent basis, and that is what we are doing.

We also believe that the town should consider either the remodeling of the town sheds or constructing new buildings for the purpose of housing the school buses, also a bulk salt bin in East Dorset and room for storage of equipment.

We would like to recommend that the property taxes be collected in semi-annual or quarterly payments for the purpose of making it easier for large property owners to pay their taxes.

We believe the town should provide adequate insurance for town fire wardens and their men.

HAROLD BEEBE,
PAUL E. WHITE

VERMONT DEPARTMENT OF SOCIAL WELFARE
Montpelier, Vermont

This is our twenty-first annual report to the citizens of the Town of Dorset on State payments in your municipality of various types of assistance and welfare during 1956.

The total number of recipients in the State has remained reasonably stable for some years. The number aided in the Totally and Permanently Disabled program has continued to increase. Old Age Assistance and Blind Assistance caseloads have declined. The impact of the Social Security Insurance programs are a continuing factor in the reduction of caseloads as an increasing number of our people attain a fully insured status. The towns and cities participated financially in two of the programs as indicated below. Administrative expenses for the four types of Public Assistance have always been among the lowest in the nation.

Old Age Assistance	\$ 19,562.00
Aid to Dependent Children*	5,196.00
Aid to the Disabled	3,414.00
Committed Children**	594.32
<hr/>	
Total	\$ 28,766.32

W. ARTHUR SIMPSON,
Commissioner.

This public health team is on call to work with you on Dorset's health problems. For further information about health department services, write to Commissioner of Health, R. B. Aiken, M.D. A bi-monthly health information bulletin reviewing selected health activities in Vermont may also be had on request.

The services rendered by the Department's Public Health Nurse in your community are reviewed elsewhere in this town report.

Respectfully submitted,

ROBERT B. AIKEN, M.D., MPH,
Commissioner of Health.

REPORT OF STATE OF VERMONT DEPARTMENT OF HEALTH -- PUBLIC HEALTH NURSE

I hereby submit a report of public health nursing activities carried on in the town of Dorset during 1956 by the Vermont Department of Health.

The activities fall into three categories. Clinics and conferences, visits to homes, and other visits.

Well-child medical conferences offer an opportunity for physical examinations and immunization against smallpox, diphtheria and tetanus. Whooping cough immunization is given to children under six years of age.

Medical conferences: 4 medical conferences were held, and 82 children were examined.

Immunizations completed at the conferences:

Smallpox: 17 children vaccinated, 9 children revaccinated.

Triple Antigen: 6 children received 1 booster dose.

Diphtheria - tetanus: 9 children received 2 doses. 24 children received 1 booster dose.

25 children received third doses of polio vaccine, completing the series started in 1955, by the National Foundation for Infantile Paralysis.

The success of these clinics is dependent on the continued interest and support of the community. We feel assured of this interest when people within the community take so much responsibility for the planning as well as assisting with the clinic.

37 visits were made to the homes of patients to give some type of nursing service.

19 other visits were made in the community in behalf of the program.

Mrs. Darthea N. Emslie is the Public Health Nurse with the Vermont Health Department in the Dorset area. She may be reached by mail, or telephone messages may be left for her at the Bennington office between 1:30 and 3:00 p.m., Monday through Friday, telephone 6795.

Respectfully submitted,

RUBY A. McKEWEN, R.N.,
Public Health Nursing Supervisor

REPORT OF THE SUPERINTENDENT OF SCHOOLS

February 1, 1957

Members of the School Board:

The school enrollment in September was 190, compared with 193 the previous year and an average of 168 for five years previous to that. These figures would seem to indicate that Dorset's problem of a school population beyond the capacity of its school plant is likely to continue for some time.

The present Village school was built with two school rooms and a hall in 1876, and remodelled for four rooms in 1948. It has a rated capacity by modern standards of 81 pupils. It houses 110 and in addition 22 first grade pupils are housed in a rented building, the former North District one-room school. Because of the large enrollment in the lower five grades there will have to be some unorthodox grade combinations next year or some further makeshift arrangements of rented quarters planned to avoid impossible overcrowding in some rooms of the present building.

As a school board you have done more than any other one in attempting to bring about a remedy for the present situation by the construction of a badly needed new school, adequate for the needs of the community. It will be unfortunate if the program you have presented fails of acceptance by the town. If it does fail another one will have to be worked out.

Since the geographical arrangement of the town makes it difficult for the pupils on the east side to participate in any new facilities that may be built on the west side, one can appreciate the reluctance of the East Dorset residents to participate in the construction of a new school on the west side, where it is most needed.

One possible solution to that difficulty would be the incorporation of the west side of the town in a separate school district, which could then build and support its own school with no burden of the new facilities upon the residents of the east side of the town.

The line between the two areas could be the height of land from the north boundary of the town south to the road to East Dorset. From there it could be a southwesterly surveyed line to a junction with Route 30 at the Manchester-Dorset line. However, that is a matter for legislation, and would need to be pushed fast if acted upon in the present session of the legislature. Otherwise it would have to wait two years until the next session. Since Dorset has been dallying 10 years with its school problem without accomplishing anything, I have no illusions about the likelihood of getting any immediate action, even if the separate district idea did seem to be a good plan.

New English texts and Arithmetics have been acquired for the first four grades this past year; the revised edition of the basal reading system has been completed through the third grade; new spelling books have been furnished all grades in the East Dorset school; and new handwriting texts and manuals have been provided through the first three grades, employing a somewhat different system than the previous one in use. The program for the coming year should complete the Arithmetic, English and Spelling texts in the other grades.

The new liquid duplicator machines purchased this past year are being put to good use. Participation in the state film pool has resulted in a good program of visual education in both schools. Dorset is the only town in the District having such a program.

Several new teacher desks are needed, provision for which I believe has been made in your budget.

Respectfully submitted,

EDWIN L. BIGELOW,

Superintendent of Schools

NOTICE TO VOTERS

Chapter 163, Section 3499, Qualifications of Voters

A male or female citizen, twenty-one years of age, who has taken the freeman's oath and whose list, including poll, is taken at the annual assessment preceding a town meeting and whose poll and old age assistance taxes due such town, were paid prior to January 1 preceding such town meeting, or who has attained the age of twenty-one years subsequent to the last annual assessment and resided in the town since April 1 last preceding, or who is exempt from taxation for any cause, shall be a voter in town meeting while residing in such town.

This is to inform the Voters of Dorset of their obligation in retaining their Voting Privileges, when leaving town.

Vermont Statutes, Revision of 1947, Chapter 10, Section 104. Residence, how retained.

A person having such residence in a town and being temporarily absent therefrom, for the purpose of voting at a general election, may retain such residence during such absence until and including the next general election, by filing a declaration of his intention so to do in the town clerk's office at least three months before the general election at which he wishes to vote or upon his departure if within such time. A person having such residence in a town and who removes or intends to remove permanently from such town to another town within the state, at any time within sixty days prior to a general election, for the purpose of voting at such election, may retain such residence until and including such election, by filing a declaration of his intention so to do in the town clerk's office of his residence at any time before his departure from such town. Forms for such declaration shall be formulated by the secretary of state and shall be furnished by him to town clerks.

AUDITORS' REPORT

To the Voters of the Town of Dorset:

Your auditors have examined and audited the various accounts of the town officers as recorded by them for the fiscal year 1957. These accounts include the Treasurer's, Selectmen's, School Directors', Tax Collector's and the Overseer of the Poor's.

We certify that, in our opinion, the officers have accounted for all monies received and disbursed by them as evidenced by the books and records kept on file.

Our only comment or suggestion is, that all books be balanced and readied for the Auditors when the time is set to audit the books. This year the record book of the Selectmen had not been figured, as a result it was necessary for your auditors to take time to put the book in order and see that it was in balance with those records of the Treasurer. If we are to pay a Selectman \$500.00 to keep the books, said books should show totals to be checked by the Auditors, not to be computed by the Auditors.

We have had printed in this report an explanation of the difference of the amount collected because of an inaccuracy of totaling the Grand List. Also listed are amounts actually overspent compared with Budget allowed for 1957.

Respectfully submitted,

SYDNEY MEACHAM,

FRED GILBERT,

F. O. WHITTEMORE,

Auditors.

Art. 23. What sum in excess of that required by law shall the Town School District pay for High School Tuition?

Stuart Gilbert made the motion that the Town pay the sum of \$85.00 over that amount required by law for High School Tuition. This motion was seconded and so voted.

Art. 24. To see if the Town will authorize the School Directors to spend the sum of \$4,845.78 now held by them in a Savings Account, known as the special fund, for the purpose of partially defraying the cost of acquiring a parcel of land to be used for school purposes.

Albert Evans made the motion to adopt article 24 using the actual figure of \$4,542.95. This motion was seconded. It was so voted.

The meeting was recessed for lunch.

The meeting was called to order by the Moderator at 2:10 p.m.

Art. 25. To see if the Town will vote to divide any National Forest money equally between highways and schools.

Winfield Warren made the motion that the Town divide the National Forest money equally between highways and schools. This motion was seconded and so voted.

Art. 26. To see if the Town will vote the use of the school bus on each side of town for two weeks in the summer to transport all school age children who wish to participate in the Red Cross Swimming classes in Manchester.

Carleton Howe made the motion to lay this article on the table. This motion was seconded and voted.

Art. 27. To see if the Town will authorize the Selectmen to purchase a new grader at a cost not to exceed \$14,000.00 to be financed over a period of five years.

After some discussion the Moderator called for a ballot vote on this question. The result being: Yes 57. No 70.

Art. 28. To act on the 1957 budget and its attendant tax rate, as prepared by the Town Officers.

Robert McIntyre made the motion to adopt the budget as proposed by the officers with grader tax deducted. This motion was withdrawn.

John H. Stannard made the motion to have the tax rate as prepared by the Town Officers with the two items of the grader and pay on debt deducted. The amount necessary to clear the debt to be added by the Selectmen and then adjusted to the new Grand List. This motion was seconded and carried.

Art. 29. F. O. Whittemore made the suggestion that the Town take advantage of the Social Security Act for the employees of the Town of Dorset.

There was discussion on repairs to the Town Clerk's Office and to the Town Shed in East Dorset. This matter was left with the Selectmen.

A report was submitted by the Special Road Committee and presented by F. O. Whittemore. (Report attached.)

A motion was presented that a professional auditor be employed by the Town Auditors for the audit of the 1957 report. This motion was seconded and so voted.

The following Town Officers were given the oath of office by Justice of the Peace Henry Stone: Helen O'Donovan, Arthur Steere, Harold Beebe and Howard Brophy.

James Stannard made the motion to adjourn the meeting. This motion was seconded and so voted.

GUY S. STONE, Acting Clerk

MINUTES OF SPECIAL SCHOOL DISTRICT MEETING

Pursuant to the foregoing warning and notification the legal voters of the Town of Dorset met at the Dorset Playhouse on the 5th day of March, 1957 at ten o'clock in the morning to transact the following Special School business:

The Moderator, Paul White, called the meeting to order at ten o'clock and balloting was started.

1. Shall the following public improvements, viz: the acquisition of land and the construction thereon and equipment of a new school on the west side of the district at a site to be selected by the Board of School Directors, having eight classrooms and other rooms at an estimated cost of \$200,000.00 be made? In favor 232; opposed 173.

2. Shall bonds of the Dorset Town School District to the amount of \$160,000 bearing interest at not to exceed 5 per cent be issued for the purpose of paying for the improvements above described? In favor 227; opposed 167.

3. Shall the following improvements, viz: the acquisition of land and the construction thereon and equipment of a new school centrally located at a site to be selected by the Board of School Directors having four classrooms and a basement lunch room at an estimated cost of \$80,000, be made, an affirmative vote hereunder to be void if the improvements described in Proposition 1 above are authorized at this meeting? In favor 73; opposed 264.

4. Shall bonds of the Dorset Town School District to the amount of \$80,000 bearing interest at not to exceed 5 per cent be issued for the purpose of paying for the improvements above described in Proposition III, an affirmative vote hereunder to be void if the improvements described in Proposition 1 above are authorized at this meeting? In favor 79; opposed 260.

Henry Stone made the motion to adjourn the meeting. This motion was seconded and so voted.

SELECTMEN'S REPORT

During the year of 1957 State Aid Road No. 3 was hard surfaced and due to the efficiency of the three-year job, we were able to carry the road approximately .2 of a mile farther than was planned by the State and we have approximately \$2,400.00 more to be spent on it for guard rails, etc. The cost of this job was \$24,646.03 of which we received \$19,825.61 from the State.

In 1957 the Selectmen were petitioned by the people of East Dorset, either to repair the town building in East Dorset or to build a new one. This was discussed at the Town Meeting in 1957, and the decision was left up to the Selectmen.

With due consideration to the cost of a new building and the possible return from it we decided to tear the old building down and start over new. A report of cost and savings of this building will be found on another page of this report.

We would like to recommend that at some future date a building be constructed in Dorset for the housing of the grader and school bus and equipment.

As far as our highway construction, we are continually trying to improve the most hazardous conditions on the most traveled highways.

We trust that the voters of the town will feel free to consult with us or give us their opinions at any time that they wish. Constructive criticism and opinions are always welcome.

HARLAN F. COOLEGE

VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vermont

This is the twenty-second annual report which I have made to the citizens of Dorset regarding State payments to your municipality of various types of assistance and welfare during 1957. The support and cooperation of town officers and people generally over this long period is gratefully acknowledged. We have some measure of responsibility for 12,000 individuals and annually spend about six million dollars.

The total number of recipients in all four programs has not changed substantially for several years. Due to the extension of Social Security, the number receiving Old Age Assistance has declined but those receiving Aid to the Permanently and Totally Disabled have increased. Supplementation of inadequate amounts of Social Security benefits is an increasing role of Public Assistance. Towns and cities participate financially in two of the programs as indicated below. Administrative expenses for the four types of Public Assistance have always been among the lowest in the nation. In one state the recipient receives less than eighty-two cents out of the assistance dollar. In Vermont the recipient received ninety-six cents.

Old Age Assistance	\$ 21,482.00
Aid to Dependent Children*	5,289.00
Aid to the Disabled	3,677.00
Committed Children**	243.45
Total	<hr/> \$ 30,691.45

** One-half paid by the town or city unless family is non-settled.

REPORT OF VERMONT DEPARTMENT OF HEALTH

Dorset, like all towns, develops community health problems. A public health team from your Vermont Department of Health, including a bacteriologist, chemist, dentist, engineer, health educator, public health nurse, nutritionist, physician, psychologist, sanitarian, social worker and statistician, is available to aid your health officer, local doctors and other local citizens with such problems.

This report summarizes many services offered by the health team through use of state tax dollars, and indicates those services rendered to Dorset last year to promote health in the community.

Health services where you live and work: A healthy environment for your town results when water and sewage systems, factories, schools and other public buildings, and food and lodging establishments are properly constructed and operated.

Food and lodging places, inspections, consultations	84
Water, sewage, public bldgs., inspections, consultations	32
Water samples, laboratory, analyses	50

Health services to individuals: The public health nurse is a member of the Health Department team often seen in your town. She assists in organizing local health efforts. During the year she has, with assistance from people in your community, served at well-child and school conferences, x-ray clinics and immunization clinics and with visits to homes, doctors and agencies to promote and protect the health of children and adults.

Well-child conferences, persons served	12
School conferences, persons served	70
Chest x-rays, persons served	11
Nurse visits (to home, physician, school)	

34 visits on behalf of 13 persons

Immunizations:

Polio*, persons injected at children's clinics116
Persons injected, adult clinics, doctors' offices257
Diphtheria, whooping cough, tetanus, persons im. 42

The public health nurse welcomes the opportunity to serve you, and can be reached by mail addressed to the Vermont Department of Health, Division of Public Health Nursing, Bennington, Vermont.

Health services available and rendered to individual residents of Dorset through personnel operating from the state office were:

For health promotion:
Nutrition consultations 1

For diagnostic aid:
Laboratory analyses on blood specimens 66
Laboratory analyses on other specimens 6

For diagnosis and treatment:
Crippled children's clinics, persons served 8
Guidance clinics, persons served 2
Hospitalization financial assistance, persons served 1
Tumor clinics, persons served 1

Community health services: Citizens of your town may call upon the public health team for advice on methods for gaining health improvement, such as:

Town visits on dental health problems 2
Hospital and nursing home insp. and consultations .. 1

* Number of persons served since beginning of program.

Respectfully submitted,
ROBERT B. AIKEN, M.D., M.P.H.,
Commissioner of Health

REPORT OF SCHOOL DIRECTORS

The school year of 1957-58 is progressing smoothly under the direction of the new superintendent, Mr. Arza L. Dean, who replaced Mr. Edwin L. Bigelow who retired last spring. Mr. Dean has come from Orleans North West School District where he was school superintendent.

If you will examine the proposed school budget for 1958 you will see that there are a number of increases, such as:

Teachers salaries — which are being raised to meet the new state requirements passed in the Legislature last year.

High School tuition — which has been increased in order to cover the higher tuition rates at Burr and Burton.

Books and instructional supplies — which have increased because of the need for new series of books for science and social studies to keep our school's curriculum in line with the new trends in education.

Since the proposed new school for Dorset was voted down last year, it will be necessary to spend a greater amount on general repairs for the Dorset Village School in order to safeguard the children and protect the town's building as an investment. Such items as painting the outside, keeping the hall floors in a condition so that they can be cleaned adequately, repainting inside halls and coat rooms as well as classrooms, fireproofing the furnace room, panic locks on doors, metal fire escape, have been delayed with the prospect of a new school. These should wait no longer.

Although the pupil enrollment was down this year, the overcrowded condition of certain classes still exists. It was found necessary to group a 5th grade and 8th grade in the same room in the Dorset Village School which, educationally, cannot be considered a good solution. This situation will still exist next year as the 5, 6, 7, 8 grades are too large to group in their proper order. The lowered enrollment of this year is explained by the class of four eighth graders this year.

The situation of four grades in one classroom is still as educationally poor as it has ever been. The teacher's time is divided by four. Each grade is receiving only one-fourth of the teaching time. It is impossible to make groups within a class, therefore children progress at only one set rate. And it is increasingly difficult to find teachers willing to undertake the teaching load that four grades in a room demands.

Dorset still has an unsolved school problem that its voters should not forget. Each school in the town has its own particular problem, but share in common, and these problems affect the quality of education.

Respectfully submitted,

STUART K. GILBERT,
CALVIN C. SKINNER,
ROBERT BROCK

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Directors and the Citizens of Dorset:

Elsewhere in your town report there is an account of the several activities of the board, which I recommend that you read with careful thought. I shall only supplement that communication.

Your schools are operating under an excellent staff of teachers, each of whom could obtain a better teaching situation elsewhere, but who is willing to accept the challenge of teaching in Dorset where school building facilities are inadequate and where pupil grading conditions make it extremely difficult to overcome classroom inefficiencies.

One hundred and seventy-two boys and girls under your stewardship deserve safe housing and good conditions for learning.

Your teachers must instruct pupils with mental capacities ranging from near brilliance to several of those who need the attention and care of persons trained and experienced in special methods. In a specific situation one of your teachers is doing the best work possible with a group of children of whom one-half of the total need her individual attention most of the time. The board recognized that this problem exists and will try to improve the conditions as satisfactorily as possible. Any probable solution under existing school plant facilities can be only temporary and partially effective.

The town of Dorset needs one central school in which there is no more than a grade in a room, where a teacher can devote all of her time to the work of that grade level. Then she can give necessary attention to the reduced num-

ber of special needs of the pupils she teaches. As an example I would like to suggest to you the very fine teaching which goes on every day in the first grade at Dorset, where a teacher has eighteen pupils in one room with no other grades for which she is responsible. The needs of each pupil can be so well met in that type of situation. Unfortunately, that grade is in an isolated building, alone by itself. The boys and girls and their teacher, again, should have a proper school plant. Although excellent teaching is done in your other schools, its efficiency is reduced by poor conditions of housing and grouping.

Right now this school plant condition looms so foremost in my thinking that I shall close my report at this point.

I wish to thank the parents' organizations, the board members, the teachers, and all others who have been so very cooperative during my first year as your school superintendent.

Respectfully submitted,

ARZA L. DEAN,

Superintendent of Schools

NOTICE TO VOTERS

Chapter 163, Section 3499, Qualifications of Voters

A male or female citizen, twenty-one years of age, who has taken the freeman's oath and whose list, including poll, is taken at the annual assessment preceding a town meeting and whose poll and old age assistance taxes due such town, were paid prior to January 1 preceding such town meeting, or who has attained the age of twenty-one years subsequent to the last annual assessment and resided in the town since April 1 last preceding, or who is exempt from taxation for any cause, shall be a voter in town meeting while residing in such town.

This is to inform the Voters of Dorset of their obligation in retaining their Voting Privileges, when leaving town.

Vermont Statutes, Revision of 1947, Chapter 10, Section 104. Residence, how retained.

A person having such residence in a town and being temporarily absent therefrom, for the purpose of voting at a general election, may retain such residence during such absence until and including the next general election, by filing a declaration of his intention so to do in the town clerk's office at least three months before the general election at which he wishes to vote or upon his departure if within such time. A person having such residence in a town and who removes or intends to remove permanently from such town to another town within the state, at any time within sixty days prior to a general election, for the purpose of voting at such election, may retain such residence until and including such election, by filing a declaration of his intention so to do in the town clerk's office of his residence at any time before his departure from such town. Forms for such declaration shall be formulated by the secretary of state and shall be furnished by him to town clerks.

AUDITORS' REPORT

To the Voters of the Town of Dorset:

Your auditors have examined the various accounts of the Town Officers as recorded by them for the fiscal year ending December 31, 1958. We audited all accounts to December 31. These accounts include the Treasurer's, Selectmen's, Tax Collector's, Overseer of the Poor's and the School Directors'.

We certify that in our opinion, the officers have accounted for all monies received and disbursed by them as evidenced by the books and records kept on file.

Our only comment or suggestion is, that all books be balanced and readied for the Auditors by January 10 of the coming year. This year the record book of the Selectmen was not in balance with the Treasurer's, as a result it was necessary to spend many hours to put the book in order and balance. This coming year it is planned to meet with the recording Selectman and balance his book with that of the Treasurer every two months in order to help the keeping of records up to date.

SELECTMEN'S REPORT

During the past year on our Back Road Construction we eliminated three bridges on the East Side of town which shall over a period of years, reduce the cost of maintenance. By doing this the girders will be used for the bridge on Pea Street which were in one of the bridges in East Dorset.

The road was widened and several snow traps were eliminated.

The Danby Mountain Road was straightened and widened, grade improved and snow traps eliminated.

The Upper Hollow Road was widened from 12 feet to 24 feet, drainage put in and graded.

Although the grader repairs and supplies were higher this year, we feel that the grader has done more work and worked more hours than any other year which has reduced the number of man hours.

We had approximately \$2,000.00 to be spent on the West end of S.A. No. 3 from Route 30 easterly. This money is held over from 1958 and will be spent in the spring of 1959 for widening and straightening that part of the road.

Due to the high tax rate and the pledge that we now have on S.A. No. 9, it was advised that we not pledge any more money ahead until we are completely paid up, and then start another four-year program.

VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vermont

This is the twenty-third annual report which I have made to the citizens of Dorset regarding State payments in your municipality of various types of assistance and welfare during 1958. The support and cooperation of town officers and people generally over this long period is gratefully acknowledged.

This year marks the greatest improvement in the assistance programs since they were inaugurated many years ago. Due to an increase in Federal funds available to the State and a fortunate combination of circumstances it has been possible to lift the ceiling in the three adult programs from \$63.00 to \$75.00 a month and in the Aid to Dependent Children program to \$45.00 for the eligible mother or relative, \$45.00 for the first child and \$25.00 for each additional child. Our food budget allowances have also been increased. This not only furnishes more financial security to the individuals themselves but should also relieve the towns and cities of much of the expense of supplementation. Although the bill has not passed the legislature at this writing, a program for nursing home care and limited hospitalization for eligible recipients of Old Age Assistance, Aid to the Blind and Aid to the Permanently and Totally Disabled has the endorsement of the town and city managers. This will relieve the towns and cities of 65 per cent of the cost for which they are currently obligated. No additional state appropriation is proposed or required. Actually, the current total requests of the Department of Social Welfare for 1960-1961 are less than was appropriated for 1958-1959.

Old Age Assistance	\$ 22,381.00
Aid to Dependent Children*	6,225.00
Aid to the Disabled	3,990.00
Total	<u>\$ 32,596.00</u>

W. ARTHUR SIMPSON, Commissioner

* One-eighth paid by the town or city unless family is non-settled.

REPORT OF VERMONT DEPARTMENT OF HEALTH

Through the following programs the State Department of Health works with the Health Officer and other officials, doctors and local citizens on community health. This report summarizes many of the services rendered to Dorset last year and indicates other services available.

Cancer and Chronic Disease: 1 person received services which included diagnosis and treatment at tumor clinics or financial aid toward hospitalization costs.

Child Health Services: 65 children attended 4 well-child and school conferences organized by the public health nurse. There were 3 nutrition and dietetic consultations. At attending doctor's request, 1 child received pediatric consultation; 1 received hospital diagnosis. 12 children with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children and * 2 were given financial aid toward the cost of hospitalization.

Communicable Disease: 11 persons received chest x-rays; 13 children received immunizing series, including booster injections against diphtheria, whooping cough, and/or tetanus. The immunizing series against poliomyelitis, including boosters, was given to 79 children and adults.

Dental Health: The dentist or dental hygienist made 3 consultations with groups on school or town dental health problems.

Environmental Sanitation: A sanitarian or sanitary engineer made 64 inspections — consultations at the town's food and lodging places and 29 concerning water supply, sewage disposal, public buildings and other problems to protect health through improved town sanitation.

Health Education: All programs offer educational services. Pamphlets, films and speakers are available. A health reference library is maintained. The health educator consulted with many groups on health education programs, studying or organizing to take action on local health problems.

Hospital Service: There was 1 inspection - consultation to the hospitals, nursing home or homes for the aged.

Industrial Health: Services for chest x-rays in industry and inspections and consultations at industrial sites were available.

Laboratory Services: As aids in the control of communicable disease, tests were performed on 66 water samples, 0 food and dairy products, 56 blood specimens and 7 other specimens. Vaccines, antitoxins and biologicals were distributed for protection against communicable diseases.

Mental Health*: 3 persons and groups were served at the guidance clinic or through educational meetings or consultations. Services to individuals included 25 interviews with the psychiatrist, psychologist or psychiatric social worker. Financial and other assistance to develop local projects for prevention, treatment or education in the field of mental health were available.

Public Health Nursing: The public health nurse's headquarters is in Bennington. Assisted by local people, she served at well-child and school conferences, x-ray and immunization clinics. She visited homes, doctors and agencies, making 147 visits on behalf of 34 persons and community health activities. Her service is an essential element in the department's programs for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

ROBERT B. AIKEN, M.D., M.P.H.,
Commissioner of Health

STATE OF VERMONT
Public Records Commission
Montpelier, Vermont

January 29, 1959

Mrs. Helen E. O'Donovan,
Town Clerk of Dorset
East Dorset, Vermont

Dear Mrs. O'Donovan:

The problem you have crops up every once in a while and you have an "out". Please refer to page 29 (1957 Revision) of "Manual of Instructions on Vital Records Registration for Town and City Clerks" and you will find Section 216 which reads:

"Vital records published in town reports. Town Clerks annually shall compile and the auditors may publish in the annual town report a transcript in a form prescribed by the commission of the record of births, (not including stillbirths and illegitimate children), marriages and deaths recorded by such clerk during the preceding calendar year, and including the names of parents and maiden names of mothers."

If your manual is not handy you will also find the same information on page 126 of your little "red bible" under Section 4098 VS 47.

Please note that it says that you **shall** compile a transcript and the auditors **may** publish, so it would be my opinion that it would be proper for you to convey the requests to the auditors and let them decide. True enough you may actually prepare the town report, but it is the auditors' legal responsibility.

The Public Health Commission has never prescribed a form which is called for. So, while we are on the subject I am enclosing a copy of the suggested format I sent out a few years ago after collaboration with the Department of Health.

From past experience with the smaller towns it is my opinion that you and/or the auditors will be criticized if you do or if you do not publish the names of these two parties.

I am sorry that I am unable to give you a clear cut definite answer because of the wording of the law but I hope I have given you enough information so you and the auditors can make a decision.

Have not been down your way recently, but perhaps I'll see you at the Town Officers' Conference in Manchester which will probably be on March 13.

Sincerely,

OLNEY W. HILL

REPORT OF SCHOOL DIRECTORS

We, as School Directors have been busy with a double task this year. Decisions concerning the operation of the school year 1958-1959 continue as many as ever — and to this usual, we have the unique opportunity of directing the building of the New Dorset Elementary School. We are trying to do this with as great conscientiousness, judgement and skill as we can, knowing that this building will be a memorial to the voters of these years, and for the years to come.

On June 18, 1958, at a special town meeting the voters of Dorset voted 219 to 152 to erect an 8-room building with a multi-purpose room on the Dorset Hill road to give adequate educational facilities to the Dorset children. This building was voted to be financed by a bond issue of \$160,000 plus additional funds from the State of Vermont, known as State Aid for school construction.

From that date on the School Directors have been very much aware that a new building was in progress . . . though nothing was to be seen on the site. The land was purchased after an adequate title search. The details of the bond issue were completed and the town has received the money. Most of the money has been invested in United States Treasury bills, returning over $2\frac{1}{2}\%$ interest. It will remain invested until it is needed for the building. The architectural firm of Helmer and Cole of Woodstock, Vt., completed blueprints and specifications for this building just before Christmas. The plans have been approved by the School Directors, the building committee and all the necessary state departments (Health, Fire Marshal and State Board of Education). This approval by the State of Vermont means that the building is eligible for the 25% State Aid money.

The well to furnish water for this building has been dug --- 209' deep with 107' of casing. This well pumps 17 gallons of water per minute which fulfills the water requirements of the building, according to specifications of the Gratiot Engineering Co., which is working with Helmer & Cole on this project.

During the fall the G&H Gravel Co., completed as much of the grading on the site as was possible before the cold weather set in.

The finished specifications are now in the hands of 12 general contractors who are interested in bidding on the building of the school. The bids are to be opened on February 26, 1959. The decision as to which general contractor will be used will be made by March 12, 1959.

There has been no delay in the progress of this school, unless one can think one can beat the weather. It must be remembered that the architectural firm could not go ahead and make the detailed specifications until the vote was assured, and drawing up these specifications takes time.

The School Directors definitely anticipate that the classrooms will be completed by the beginning of school in September 1959. Mr. Helmer has said that if the plans are completed and the building, all ready to go ahead when the frost is out of the ground, there is no reason to suppose that our children will not be schooling in the new building in the fall. Our desperate need will make it so!

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The 1958-1959 school enrollment figures show a total number of one hundred fifty children in Grades 1 through Grades 7. In addition, twenty-three Dorset Seventh and Eighth Grades are attending the Manchester Elementary School for this current year only.

Overshadowing about everything else by far was the vote to build a new school in which to house and educate all of Dorset's elementary school pupils. Your school directors and members of the advisory committee have worked many long hours with architects and school planning engineers to compile a volume of plans and specifications to give the town a fine plant at a very moderate cost to the taxpayers. Only the directors and advisory committee members may realize how intensive and time consuming can such a project become even before a foundation can be laid. It is my honest belief that Dorset will be justly proud of its new school for many years.

Meanwhile, your boys and girls are receiving adequate training for everyday living and high school preparation. We have found that smaller classes give everyone a much better opportunity to learn. Much more time is given for the tool subject areas and time remains in which to introduce cultural subjects.

I am extremely grateful to the School Board, to the Advisory Committee, the Parent-Teachers, members of the Teaching Staff, and all others who are advancing the cause of education in Dorset.

Respectfully submitted,

ARZA L. DEAN,

Superintendent of Schools.

REPORT OF THE COMMITTEE ON THE TOWN MANAGER FORM OF GOVERNMENT

The committee appointed by the Dorset Town Meeting of 1959 to study the Town Manager form of government and the desirability of its adoption by the Town of Dorset submits the following report:

Members of the committee have studied the State laws of Vermont relating to Town Manager government. They have interviewed residents of towns operating under a Town Manager and talked at some length with several Town Managers regarding the details of their work. Information thus obtained was pooled and discussed at a series of eight meetings during the past year and forms the basis for this report.

This, in very brief outline, is how a Town Manager government works. The manager is hired by the Board of Selectmen; is responsible to them; is subject to dismissal by them. The Selectmen, as the elected representatives of the Town, continue to bear the ultimate responsibility to the voters. However, with the employment of a Town Manager, they are relieved of time-consuming routine duties. They are free to concentrate their attention on important matters of policy and on programs for the development and improvement of the Town — most vital matters in a growing Town.

The Town Manager is responsible for carrying forward the work and business of the Town. His duties include those at present performed by the Road Commissioners and the Overseer of the Poor. He takes over routine supervisory work now done by the Selectmen. He acts as coordinator of all Town and government activities.

The key advantage of the Town Manager plan is this: it places and fixes responsibility for the functioning of Town government in one man. That man is at all times in touch with all the inter-locking phases of Town business and Town government. He gives to them the constant, full time, day after day attention of a man trained and qualified for his

job. It has long been recognized, as a matter of course, that this kind of expert supervision is necessary to the economical and successful operation of a business enterprise. The government of the Town of Dorset is also a business enterprise; and has become a sizeable one, with an annual expenditure of tax money in the neighborhood of \$100,000.

So your Committee concludes that the adoption of the Town Manager plan by the Town of Dorset will make possible a more efficient administration of Town affairs and a more economical expenditure of the tax dollar.

The survey of other Town governments also disclosed the fact that a Board of Selectmen composed of five members functions more efficiently under the Town Manager plan than a smaller Board, for a number of reasons. A larger Board assures wider representation of all areas and all groups in the Town, and therefore policy decisions responsive to the wishes of the greatest possible number of voters. It allows for a wider and mutually stimulating exchange of ideas between a larger group of people. It provides better continuity of supervision, since a larger Board is good insurance against the possibility that the Town may at times be left without supervision due to the illness or absence of members of the Board of Selectmen — an unavoidable and not infrequent situation with a Board of only three members. The Committee feels that the establishment of a five-man Board of Selectmen is an important element in the successful operation of the Town Manager plan.

In view of the above, your Committee recommends and respectfully urges:

1. The adoption of the Town Manager Plan of government by the Town of Dorset.
2. The addition of two more individuals to the Board of Selectmen of the Town of Dorset.

WHAT TO DO IN CASE OF FIRE

In Dorset; if you have a house fire, call one of the following numbers and give your name and the location of the fire:

Morris Depew	282
Russell Parks	192
Gilbert's Cabinet Shop	132-W

If you have a brush or grass fire, call your Warden, who is Ed Tarbell, 70-W or 70-R, and give your name and location of fire.

In East Dorset, if you have a house fire call the Operator and give your name and location of fire, and ask her to call the East Dorset Fire Dept.

If you have a brush or grass fire in East Dorset, call either of the following names; and give your name and location of fire:

James H. Bebee	503-M4
Roy Wilbur	49-W3

The Fire Wardens issued 70 burning permits during 1959; were called to three brush or grass fires at a cost of about \$150.00, of which the town paid one-half and the state one-half.

Burning can be done at any time without a permit in an incinerator approved by your Town Warden. Approval will be given for a steel drum burning barrel, placed in the center of a cleared space at least 12 feet in diameter and equipped with a cover of 1/2-inch wire mesh.

Anyone wishing to purchase a pack pump for his own use can do so through the Warden; galvanized or brass for two-thirds of retail.

If you do not have adequate fire extinguishers in your home, consult your Fire Chief. He will gladly recommend size and type for you.

BE CAREFUL WITH FIRE!

Art. 31. To transact any other business proper to come before this meeting.

Frederick Whittemore gave a report from the Land Development Committee. He stated that after investigation it did not seem advisable to act on the proposal of developing the land north of the Parton Falls for swimming and recreation.

There was discussion of the possibility of starting work on the Dorset Hill Road. It was stated that this work had to be done with State approval so as to obtain their funds.

Frederick Whitmore made the motion to empower the Selectmen to contact Mr. Pelsue and to make arrangements for proper foundation to be put in from Route 30 to the school this summer. This motion was seconded and it was so voted.

Claude Dern gave an interesting talk of the activities at Montpelier.

Malcolm Cooper gave a discussion on the possibility of considering a Town Manager System for the Town. He proposed the following resolution:

To see if the Town will elect from the floor a Special Committee of five citizens (3 from the West side and 2 from the East side) to study the feasibility of adopting the Town Manager Plan in Dorset, the recommendations of such Committee to be presented for consideration of the voters at the Town Meeting of 1960.

This motion was seconded and so voted.

The following committee was elected from the floor: Frank Burke, Leon Edgerton, Malcolm Cooper, Henry Stone and Howard Brophy.

There was discussion of the insurance which the Town carried for its protection.

Frederick Whittemore made the motion that the Selectmen look into and review their insurance policies and if necessary to take adequate insurance to protect them properly. This motion was seconded. It was so voted.

John Stannard made the motion that the budget be accepted as to the amount of money proposed (with the necessary changes as voted at this meeting) and that the rate be adjusted to the new grand list upon completion. This motion was seconded. It was so voted.

Frederick Whittemore made the motion that the business session be adjourned. This was seconded and carried.

The following officers took the oath of office: Howard Brophy, Stuart Gilbert, Arthur Steere, Ada Towslee, Sherman Reed, Paul White and Helen O'Donovan.

VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vermont

This is the twenty-fourth annual report which has been made to the citizens of Dorset regarding State payments in your municipality of various types of assistance and welfare during 1959. The support and cooperation of town officers and people generally over this period is gratefully acknowledged.

Old Age Assistance	\$ 22,928.00
Aid to Dependent Children*	9,403.00
Aid to the Disabled	3,899.00
Total	<u>\$ 36,230.00</u>

JOHN J. WACKERMAN,

Commissioner

* One-eighth paid by the town or city unless family is non-settled.

REPORT OF VERMONT DEPARTMENT OF HEALTH

The health of the Town of Dorset is the concern of its citizens, its doctors, health officer, Selectmen and the State Department of Health.

Through its various programs the State Department of Health staff works with and for local people on community health, operating on both local and state levels. This letter is a report of the State Health Department services and programs your town used.

With the aim of keeping children well and helping handicapped children, well-child and school conferences were attended by 49 children. Nutrition and dietary consultations numbered 0*. At the request of attending doctors 1* child received pediatric consultations, 1* received hospital diagnosis, 10 with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children and 1* was given financial aid toward hospitalization costs. Mental retardation clinic services were extended to no* children.

In the effort to control communicable disease 8 persons received chest X-rays; 58 children received immunizations, including boosters, against diphtheria, whooping cough and/or tetanus. Polio immunizations, including boosters, were given 42 children and adults. The State Laboratory performed tests on 59 water samples, 1 food and dairy products, 60 blood specimens and 4 other specimens. Vaccines, anti toxins and biologicals were distributed for protection against communicable diseases.

There were 95 sanitary inspections or consultations made at the town's food and lodging places and 24 concerning water supply, sewage disposal, public buildings and other problems, to protect health through improved town sanitation. Services to maintain and improve adult health in in-

dustry included no chest X-rays and inspections and consultations at plants. In connection with the state licensing programs and the Hill-Burton federal aid program for hospital and medical facility construction were no inspections, consultations to hospitals, nursing homes and homes for the aged.

Mental health services, through guidance clinics, educational meetings or consultations, were received by 0* persons or groups. Individual interviews with the psychiatrist, psychologist or psychiatric social worker were given 2*. Under the community mental health program to develop local projects for prevention, treatment or education in mental health, financial assistance and staff consultations are available.

To promote better dental health, consultations and services were provided no groups or individuals on town or school dental health problems.

In cancer work, 5 received diagnosis and treatment at tumor clinics, or were financially helped with hospitalization costs.

All programs in the department offer educational services. Pamphlets, films, a news release and information service and speakers are available. A health educator is available to help town groups study their health problems and plan educational programs.

The Public Health Nurse, with headquarters in Bennington, served at well-child and school conferences, X-ray and immunization clinics, assisted by local people. She visited homes, doctors and agencies, making 211 visits on behalf of 31 persons and community health activities. Her service is an essential element in the department's program for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,
Commissioner of Health.

DORSET SCHOOL DIRECTORS' REPORT

The great accomplishment of the year has been the successful construction of the New Dorset Elementary School. The school is a new cornerstone in Dorset's history and will be a tribute to Dorset citizens as a tangible evidence of their faith in the future generations.

It is with regret that the School Board has had to lose the faithful services of Stuart Gilbert, and the School Board, on behalf of the town, extends a vote of thanks to him for his twelve years of able help.

The planning of the budget for the year 1960 has been done as carefully as possible, but voters must realize that as this will be a budget for the first year in the new school, the figures may be less accurate than they will be after a year of trial. Estimates from the heating and electrical engineers have been used as a basis for some figures. The budget is larger due to the increasing of teachers' salaries to meet the state requirement schedules; more children are enrolled in high school, together with increased high school tuition costs. In 1959 there were approximately 45 in high school. It is estimated that there will be approximately 57 in high school in the fall of 1960. And it must be remembered that we were told that operating the new school would not lower costs, but with this greater expense Dorset will be providing a better educational situation — one that competes with other towns which have made this progressive step.

The enrollment of 187 children in our elementary school is the next to largest enrollment in ten years, exceeded only in 1956 when there were 191. The larger enrollments mean greater costs for textbooks and instructional supplies because of the increased numbers of children.

The School Board wishes to praise the fine cooperation they have received from Mr. Azra Dean, the Superintendent. He has given much time in attending many extra as well as regular meetings of the School Board and aided in the planning of the new school. The town is fortunate to have such a person guiding the education of Dorset children.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Voters of the Town of Dorset:

In each of the reports to my towns in the district I have offered certain suggestions which I feel, if accepted, will bring great improvement to the educational complex. Where Dorset is concerned, so much that I have suggested or might suggest either has been or will be done under plans which are now complete.

This year I can only offer my thanks to all of you who have been so generous and willing to help in the improvement of elementary education in Dorset. The special town committee and your School Board have worked long hours in bringing to you and to your boys and girls a central school building which will be the pride of the whole area, and which in the opinion of many will serve as a model and master plan for more than a few communities at large. I feel that under the encouragement of your Board and the Advisory Committee, the architectural firm of Helmer and Cole and the general contractor, Mr. Gerald E. Morrissey, have performed services of the highest grade in planning and construction of the new Dorset Elementary School. The general superintendent of construction, Mr. Paul Cady, deserves a special vote of thanks for his painstaking efforts in supervising a quality of workmanship that one has to look far to find these days.

We are deeply indebted to the ladies of the PTA in their planning of the kitchen facilities.

Classroom instruction, as always, is being conducted at a high level of achievement. The educational future for your children looks very bright to me.

Here follows a report of your school population:

Grade 1 — 23; grade 2 — 26; grade 3 — 22; grade 4 — 21; grade 5 — 15; grade 6 — 23; grade 7 — 24; grade 8 — 29. This is a total enrollment of 183.

We are very much indebted to Principal Helen Mach and her staff for the high quality of instruction which your children receive.

Respectfully submitted,

ARZA L. DEAN.

W A R N I N G

Legal voters in Town Meeting and Town School District in the Town of Dorset, State of Vermont, are hereby warned and notified to meet at the Dorset Central School, South Dorset, Vermont, on the 1st day of March, 1960, at the hour of 10 o'clock in the forenoon of said day to transact the following business:

Art. 1 To hear the reports of the Town Officers and to take proper action thereon.

Art. 2 To elect Town Officers for the ensuing year. To be voted on by Australian Ballot. Ballot boxes close at 2 p.m.

Art. 3 To see if the Town will vote to raise money by taxation or otherwise to pay the current expenses and indebtedness of the Town.

Art. 4 To determine by vote the date on which taxes will be payable and what discount, if any, not to exceed four per cent, shall be allowed if paid on or before the specified time or what interest shall be charged, if any, if delinquent.

Art. 5 Shall the names of delinquent taxpayers of both Poll and Real Estate Taxes be published in the Town Report?

Art. 6 To see what compensation the Town will vote to pay its Town Officers.

Art. 7 To see if the Town will vote to have the minutes of Town Meeting printed in the Town Report.

Art. 8 To see if the Town will vote \$125.00 for the proper observance of Memorial Day.

Art. 9 To see if the Town will vote an appropriation not to exceed \$300.00 to the East Dorset Fire District for purchase of equipment.

Art. 10 To see if the Town will vote an appropriation of \$300.00 or any other amount to the Dorset Fire District.

Art. 11 To see if the Town will vote an appropriation not to exceed \$300 to the Dorset Memorial Library.

Art. 12 To see if the Town will authorize the Selectmen to take advantage of any State Money available.

Art. 13 To vote by Australian Ballot upon the following questions: "Shall licenses for the sale of Malt and Vinous Beverages be granted in this Town?" "Shall Spirituous Liquors be sold in this Town?"

REPORT OF THE COMMITTEE ON ZONING FOR THE TOWN OF DORSET

The Committee appointed by the Selectmen, as authorized by the Dorset Town Meeting of 1 March 1960 (Art. 26), to study and report on the feasibility of adopting a zoning plan for the Town of Dorset, submit their findings and recommendations as follows:

Initially the Committee recognizes—

- (1) that the prime purpose of a zoning plan for the Town of Dorset shall be aimed at preserving and perpetuating the Town's present character, charm and natural beauty—
- (2) that the over-all influx of people to Vermont and the attraction of growing numbers to this area, will pose problems that Dorset property owners should now anticipate and give careful consideration.

It is assumed that Dorset residents generally like the kind of community it now is, and would resent the intrusion of any "neighbor" that would change its character and possibly down-grade its present, and possibly future, property values. That other Vermont communities are likewise faced with problems of population growth and are awakening to the dangers of uncontrolled town development, is evidenced by reports of the Vermont Development Commission. These reports show that in 1956 only 30 towns in the State had any kind of zoning laws; of this number only five were small towns comparable in size to Dorset — whereas, during the past two years between 25 and 30 small communities have adopted, or are taking steps leading to the adoption of ordinances as protection against the intrusion of "bad neighbors."

Property owners of Dorset should now be aware and take into consideration that Manchester, at its 1960 Town Meeting, voted "yes" for town planning and the drafting of a zoning Ordinance which is now being prepared. When this Manchester Ordinance becomes effective it seems only reasonable to expect that the "undesirables" barred by Man-

chester's laws might elect to settle across the line in Dorset.

This Committee, charged with reporting the feasibility of adopting a zoning plan for Dorset, have consulted with persons having experiences in other communities and have been given much assistance by the Vermont Development Commission in the form of literature on the subject and through consultation with staff members. Mr. Paul Andrews, Director of the Research and Planning Section of the Commission, attended an open meeting sponsored by the Town Study Group of Dorset, explained Town planning and zoning and answered questions from the floor.

Premised on the successful experience of other communities in adopting laws to protect property, a zoning plan or ordinance for Dorset is of course **feasible** — if feasible is defined as “capable of being done, or effected; practicable.” However, it does not imply that this Committee recommends zoning as **desirable**. This decision must be made by the property owners of Dorset — the majority must decide whether a zoning plan is desirable and should be adopted, or the Community left unprotected against the dangers of uncontrolled development and open to “bad neighbors” barred by laws from other towns.

The Committee believes further study on this subject is desirable and recommends that the voters authorize the Selectmen to have a proposed zoning ordinance for the Town of Dorset prepared. This plan to be presented to the voters for study and discussion at future meetings.

Attached to this report is an outline of the State's Statutory steps that must be taken by a town to enable it to prepare and adopt a zoning ordinance.

Committee:

JOSIAH K. ADAMS, Chairman,
GUY S. STONE,
ERNEST EDGERTON,
MRS. GEORGE E. McWAYNE,
CARL PARSONS

THE STATUTORY STEPS LEADING TO THE ADOPTION OF THE ZONING ORDINANCE

The State statute enabling a municipality to prepare and adopt a zoning ordinance must be closely followed. The proper statutory steps are presented here in chronological order:

1. The legal voters at a regular or special meeting, duly warned for that purpose, authorize the Selectmen to propose regulations to accomplish zoning.

2. The Selectmen appoint a zoning commission to prepare the ordinance. (The Commission may consist of any number of people but should represent a broad cross section of occupations and interests).

3. The zoning commission prepares the ordinance, both text and supporting map.

4. The zoning commission submits a preliminary ordinance to the citizens at two or more public hearings. (The citizens thereby have the clear opportunity of voicing their objections, criticisms or amendments to the proposed ordinance).

5. The zoning commission submits its final recommendations, the zoning ordinance, to the Selectmen.

6. The Selectmen submit the ordinance, including any additional recommendations it may have, to the citizens at a public hearing, the citizens again having the opportunity to be heard.

7. The Selectmen submit the ordinance to the legal voters for adoption in the following manner:

a. At least 30 days before the meeting, the Selectmen post a printed copy of the ordinance and the map in some public place in each polling district, and, in addition, published the ordinance and map in a newspaper of general circulation in the municipality.

b. The Selectmen place an article in the warrant for the meeting and prepare a printed ballot, which calls only for approval or disapproval of the ordinance, describing same by title only, stating date when ordinance was passed, when and in what newspaper it was published, where a copy is posted.

8. The Selectmen, upon adoption of the ordinance, appoints:

(1) an administrative officer to administer the provisions of the ordinance, and,

(2) a five man board of adjustment to approve or disapprove appeals against decisions of the administrative officer.

9. As it may prove desirable from time to time to amend the ordinance, the Selectmen may take such action following a public hearing, notice of the time and place for which shall be published at least 15 days in advance in a newspaper of general circulation in the municipality.

UNIVERSITY OF VERMONT

Burlington, Vermont

Government Clearing House

December 15, 1960

To: Town Clerks and Town Auditors.

The annual Town Officers' Educational Conferences are to be held as usual in March, 1961. The dates are:

March 14, 15, 16

March 21, 22, 23

March 28, 29, 30

The first week we plan to be in Bellows Falls, Woodstock, and Barre instead of the second week as formerly announced. Final arrangements will be announced later.

The format of the Conference is to be changed this year with some section meetings in the morning as well as in the afternoon. There will be two state officials talking in the morning. Mr. Frank P. Free, Commissioner of Administration, will be talking on "Centralized Purchasing through the State Purchasing Office," and Mr. Ted Bermingham, Managing Director, VDC, will talk on the role of planning in state and town activities. Both talks will be short. Then there will be the first meetings of the various sections. These groups will continue after the noon luncheon break.

The purpose of this letter is to give you the dates of the meetings and to request that you include notice of them in the Town Report. The meetings are open to **ALL** town officers and to any interested citizens who care to attend. A notice in the Town Report might lead to greater citizen support for officer attendance, and also to the granting of some funds for the same. The mutual sharing of problems and their solutions which could come from a larger attendance would certainly be of help to many town officers and their constituents.

A full program will be sent to you in January and any notice in the Town Reports would be much appreciated.

Sincerely yours,

ANDREW E. NUQUIST,
Director

WHAT TO DO IN CASE OF FIRE

In Dorset; if you have a house fire, call one of the following numbers and give your name and the location of the fire:

Morris Depew	282
Russell Parks	192
Gilbert's Cabinet Shop	132-W

If you have a brush or grass fire, call your Warden, who is Ed Tarbell, 70-W or 70-R, and give your name and location of fire.

In East Dorset, if you have a house fire call the Operator and give your name and location of fire, and ask her to call the East Dorset Fire Dept.

If you have a brush or grass fire in East Dorset, call either of the following names; and give your name and location of fire:

James H. Beebe	503-M4
Roy Wilbur	49-W3

Burning can be done at any time without a permit in an incinerator approved by your Town Warden. Approval will be given for a steel drum burning barrel, placed in the center of a cleared space at least 12 feet in diameter and equipped with a cover of 1/2-inch wire mesh.

Anyone wishing to purchase a pack pump for his own use can do so through the Warden; galvanized or brass for two-thirds of retail.

If you do not have adequate fire extinguishers in your home, consult your Fire Chief. He will gladly recommend size and type for you.

BE CAREFUL WITH FIRE!

REPORT OF THE TOWN MANAGER

I am pleased to submit herewith a report on the eight months that the Town of Dorset has operated under the Town Manager System.

The records which I have in my office and which are open to any and all residents of Dorset, show a considerable improvement in our operation.

For the first time since 1948 we will not have to have a tax to make up a deficit. One of our projects showing excellent results is the purchase of a truck and combination back-hoe and loader. The savings through the use of these has enabled us to credit the purchase price of \$6,300.00 with the sum of \$3,000.00 to December 1. This cost will be entirely paid by mid-summer.

The proposals for our road work for this year have been approved and will show a decided improvement and will reduce the maintenance costs.

At the end of each year's business for the past few years we have owed \$30,000.00 to \$40,000.00 on notes. This year we owed \$10,000.00 in General Funds and \$4,600.00 on equipment, a total of \$14,600.00.

We started to work on the State Aid No. 3 road from South Dorset to East Dorset on September 3, and had to discontinue on December 5. Through the supervision of Harold Snow this work is about 50% complete and our expenditures to date are about 50% of the total. I wish to express my thanks to the District Highway Engineer, Ivor Pelsue, and his assistant Mr. Williams, for their fine help and cooperation on both this project and the Town Roads.

Through the suggestions of the Selectmen we have gathered 24 Town Reports from towns of approximately the same size, population and Grand List as Dorset. We are making a study of these in an effort to enable us, not only to show improvement in our progress, but also to better project our longer range programs. Many of the towns have asked that we give them a report of our studies and we will gladly do this, and also publish the results for our own townspeople.

It is not the purpose of this letter or any of our reports to ridicule anyone or accuse anyone of wrongdoing. It is to show the residents of Dorset that my entire efforts are to try to make Dorset an example for the other towns to follow and to serve all of the people here equally and to spend the monies allotted to me in the most efficient and productive manner so as to gain top value.

The improvements we have been able to show are due to the good will of many residents, together with their suggestions and to the 100 per cent cooperation of the Selectmen, other town officers and the employees under my supervision.

I want the people of Dorset to feel free to offer any suggestions or any criticisms; through these we are able to build a better community.

Respectfully submitted,

JOHN W. BROWNE,
Town Manager

MINUTES OF 1960 TOWN MEETING

Pursuant to the foregoing warning and notification the legal voters of the Town of Dorset met in Town Meeting at the New Dorset School on the 1st day of March, 1960, at ten o'clock in the morning to transact the following business:

The Moderator, Paul White, called the meeting to order at ten o'clock and called a short recess to give everyone a chance to be present.

The meeting was called to order at 10:25 by the Moderator and the following business took place:

Art. 1. To hear the reports of the Town Officers and to take proper action thereon.

John Stannard suggested to open discussion on the report of the Town Manager Committee before taking up the other articles. The Moderator ruled that this action would be out of order and that further discussion could not take place on this subject.

Leon Edgerton made the motion that the report be accepted as printed. This motion was seconded and it was so voted.

REPORT OF VERMONT DEPARTMENT OF HEALTH

The health of the Town of Dorset is the concern of its citizens, its doctors, health officer, selectmen and the State Department of Health.

Through its various programs the State Department of Health staff works with and for local people on community health, operating on both local and state levels. This is a report on some of the State Health Department services and programs your town used last year. *

With the aim of keeping children well and helping handicapped children, the well-child and school conferences were attended by no children. Nutrition and dietary consultations numbered 1. At the request of attending doctors no children received pediatric consultations, none received hospital diagnosis, 12 with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children and 12 were given financial aid toward hospitalization costs. Mental retardation clinic services were extended to no children.

In the effort to control communicable disease, 6 persons received chest X-rays; no children received immunizations, including boosters, against diphtheria, whooping cough and/or tetanus. Polio immunizations, including boosters, were given 109 children and adults in clinics and conferences. The State Laboratory performed tests on 107 water samples, no food and dairy products, 44 blood specimens and 7 other specimens. Vaccines, antitoxins and biologicals were distributed for protection against communicable diseases.

There were 85 sanitary inspections or consultations made at the town's food and lodging places and 22 concerning water supply, sewage disposal, public buildings and other problems, to protect health through improved town sanitation. Services to maintain and improve adult health in industry included no chest X-rays or inspections or consultations at plants. In connection with the state licensing program and the Hill-Burton federal aid program for hospital and medi-

cal facility construction there was 1 inspection-consultation to hospitals, nursing homes and homes for the aged.

Mental health services, through guidance clinics, educational meetings or consultations were received by no persons or groups. Individual interviews with the psychiatrist, psychologist or psychiatric social worker were given 2. Under the community mental health program to develop local projects for prevention, treatment or education in mental health, financial assistance and staff consultations are available.

To promote better dental health 2 consultations and services were provided groups or individuals on town or school dental health problems.

In cancer work 3 received diagnosis and treatment at tumor clinics or were financially helped with hospitalization costs.

All programs in the department offer educational services. Pamphlets, films, a news release and information service and speakers are available. A health educator is available to help town groups study their health problems and plan educational programs.

The Public Health nurse served at well-child and school conferences, X-ray and immunization clinics, assisted by local people. She visited homes, doctors, and agencies, making 186 visits on behalf of 38 persons and community health activities. Her service is an essential element in the department's program for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,
Commissioner of Health

* To show the amount of services and have this available by the time your town report is prepared we have tabulated most of our services in the 12 month period ending September 30, although some are in the fiscal year ending June 30.

DORSET SCHOOL DIRECTORS' REPORT

1961

The 1960 school year has been one of the most successful, as it should be, with the facilities that the New Dorset School provides. This building has done something for Dorset that generations of history have failed to do. Dorset has conquered the mountain that divided it — through their children. This observation was made by Mr. John Holden at the Dedication Ceremony. Dorset has become an integrated town.

The most important improvement in the school program is having the services of a full-time principal, Mrs. Helen Mach. The classroom teachers may teach without interruption from organizational details. Mrs. Mach has also been able to fit in special classes in reading and arithmetic for certain advanced and slowed groups that need this help. This service is one that is usually found only in private education.

The multipurpose room is being used increasingly for activities outside the school curriculum and is serving the town as it was anticipated. The stage is enabling a broader educational program — programs for Thanksgiving, Christmas, and spring have been presented in connection with the music instruction. The room has been used for dances, public meetings, and town government.

Every citizen should visit the Dr. John Pierce Memorial Health room and see the fine equipment that this memorial has provided for the children. Outstanding is the eye tester. The opportunity of segregating the ill child from the group is such an improvement and is so appreciated by the teachers that it deserves mention.

The School Board has been particularly fortunate in having the help of Mr. William McFall as Custodian. His conscientious, willing and effective service in maintaining the new building will add greatly to reduced maintenance costs. A successful Custodian is considered a keystone to building management.

Special mention of praise should be made to the managers of the Dorset Hot Lunch Program, Mrs. Irving Jones, Agent,

Mrs. John Kelleher, and Mrs. Lillian Stannard. This program sponsored by the P.T.A. is more than justifying the expense of the excellent kitchen equipment. The program is serving a 25c lunch to three-quarters of the school population, which is considered an excellent participation by the State. The program is serving lunches from October through April instead of the former 14 weeks. For the first time in the history of the program, it is being operated with no volunteer help. The hot lunches are aiding good nutrition and better child health.

The School Library, largely made possible by the Edgerton-Nichols Memorial Fund which provided bookshelves and furniture, the P.T.A. which presented gifts of money for the purchase of books, and the teachers' help in cataloguing and selecting, has been as successful as it was hoped. However, the Library still needs books to enlarge its scope and suitable books and magazines are always welcome.

The Manchester Garden Club has undertaken a landscaping project of the school grounds with a gift of \$300 to be spent over a 3-year period. The Garden club is waiting until the seeding and leveling of the grounds have been completed before commencing. Their knowledge and interest will be most appreciated.

Although the enrollment for this year has dropped to 177 from 187 of last year, this seems to be a temporary drop when the pre-school census figures are observed.

The greatest need of the School Department for 1961 is the replacement of the 1954 Ford bus used at present on the East side. Some of the expense of this bus would be defrayed by the \$2,120 amount in the Bus Account and the annual reserve of \$2,000 budgeted for the years of 1961, 1962 and 1963. Transportation, as can be observed from the budget, is one of the larger expenses and everything should be done to cut the maintenance expenses by good equipment.

The Dorset School Program is a fine one because of the splendid cooperation and interest shown by the entire town and the teachers.

Board of School Directors:

MR. BYRON BOWEN, Chairman,
MRS. R. S. FENN,
MR. CALVIN C. SKINNER

REPORT OF THE SUPERINTENDENT OF SCHOOLS

In September the Dorset Elementary School opened with an enrollment of 179 pupils divided as follows in grades one through eight: Grade 1 — 27; Grade 2 — 21; Grade 3 — 27; Grade 4 — 21; Grade 5 — 21; Grade 6 — 13; Grade 7 — 23; Grade 8 — 26.

As shown in the Statistical Report of Schools for the School year ending June 30, 1960, average daily membership was 183.28. The elementary per pupil cost for the same period was \$321.33, with an allowable charge for tuition of \$263.33, which may be assessed for the current school year. The number of high school pupils for whom the town paid tuition was 45 at an average cost of \$333.33.

The cooperation and the hard work of your Board of School Directors in furnishing leadership and formulating policy for the physical and instructional operation of your fine modern school plant is highly commendable and worthy of our special recognition.

Principal Helen Mach and her corps of teachers are using the best of methods which are achieving excellent results in the scholastic, social and personal advancements of Dorset's children.

We deeply appreciate the thoughtfulness of individuals and groups who give generously of their ability, time and money in divers ways. Dorset is favored with superior teachers, a dedicated P. T. A., a very competent custodian and helpful school bus operators, all of whom contribute to the smooth running of a highly rated school.

Respectfully submitted,
ARZA L. DEAN

WARNING

Legal voters in Town Meeting and Town School District in the Town of Dorset, State of Vermont, are hereby warned and notified to meet at the Dorset Central School, South Dorset, Vermont, on the 7th day of March, 1961, at the hour of ten o'clock in the forenoon of said day to transact the following business:

Art. 1. To hear the reports of Town Officers and take proper action on same.

Art. 2. To elect Town Officers for the ensuing year. To be voted on by Australian Ballot.

Art. 3. To see if the Town will vote to raise money by taxation or otherwise to pay current expenses of the Town.

Art. 4. To determine by vote the date on which taxes will be payable and at what discount, if any, not to exceed four per cent, shall be allowed if paid on or before the specified time or what interest shall be charged, if any, if delinquent.

Art. 5. Shall the names of delinquent tax payers, both Poll and Real Estate Taxes be published in the Town Report.

Art. 6. To see if the Town shall vote to pay its Officers at the same rate as present; \$6.00 per day or part thereof, or on a yearly basis and at what rate.

Art. 7. To see if the Town will vote to have the minutes of the Town Meeting printed in the Town Report.

Art. 8. To see if the Town will vote to pay a sum of money for the proper observance of Memorial Day.

Art. 9. To see if the Town will vote an appropriation not to exceed \$300.00 to each of the East Dorset Fire District and the Dorset Fire District.

Art. 10. To see if the Town will vote an appropriation not to exceed \$300.00 to the Dorset Memorial Library.

Art. 11. To see if the Town will authorize the Selectmen to take advantage of any State monies available.

Art. 12. To vote by Australian Ballot on the following questions:

(1) Shall licenses for the sale of Malt and Vinous beverages be granted in this Town?

(2) Shall Spirituous Liquors be sold in the Town?

Art. 13. To vote by Australian Ballot on the following questions:

(1) Shall baseball be permitted after 6:00 P.M. on

Sunday in this Town?

- (2) Shall lectures and concerts be permitted after 6:00 P.M. on Sundays in this Town?
- (3) Shall Moving Pictures be permitted after 6:00 P.M. on Sunday in this Town?

Art. 14. What sum in excess of that required by law shall the Town School District be authorized to pay for High School Tuition?

Art. 15. To see if the Town will vote to divide equally between Highways and Schools any National Forest money. (Vote required.)

Art. 16. To see if the Town will vote a sum of money not to exceed \$150.00 for use of the Hot Lunch Program. This sum not to be used unless needed.

Art. 17. To act on the 1961 Budget and it's attendant tax rate as prepared by the Town Officers.

Art. 18. Will the Town vote to create a Zoning Commission to consist of the Chairman of the Board of Selectmen as provided by No. 2901 of Title 24, V.S.A., and recommended by the five-man study group in their report to the Selectmen. (Art. 26 of 1960.)

Art. 19. To see if the Town will appropriate a sum of money for the purpose of Municipal Planning.

Art. 20. To see if the Town will vote to have its Fiscal Year end December 31, 1961.

Art. 21. Will the Town authorize the Selectmen to retain all their records and books in the Municipal Office at all times.

Art. 22. Will the Town authorize the School Board to retain their records in their new school office at all times.

Art. 23. To discuss the desirability of the Selectmen accepting \$3,000.00 from the Dorset Players for the purchase of the Dorset School House.

Art. 24. Will the Town authorize the Selectmen to contract for the razing of the Dorset Village School House.

Art. 25. To transact any other business proper to come before this meeting.
